## Please note:

If your survey is for a Pre-Purchase condition report.

- Ensure with the seller or broker that the vessel batteries are **'fully charged'** before the survey and that there is a **230v shore power** lead plugged into a supply with credit.
- Advise the seller or broker that inspection windows of approximately 70mm x 70mm will be removed from the antifoul coatings for moisture readings on the survey date.
- Make sure with the seller or broker that the vessel has **adequate water** in the freshwater tanks so that the water systems can be thoroughly tested.

Please supply any **'additional information'** regarding this purchase as it can be invaluable to the pre-purchase survey.

Please supply a **'sales Link'** from the broker, sale details, and prices negotiated.
